

CENTRAL INTELLIGENCE AGENCY

WASHINGTON, D.C. 20505

12 August 1975

Mr. A. Searle Field
Staff Director
Select Committee on Intelligence
House of Representatives
Washington, D. C. 20515

Dear Mr. Field:

This responds to Mr. Roeder's 11 August request that the Committee be assured in writing that portions of documents being submitted to it which have been deleted on security grounds will be clearly marked so that the deletions are obvious.

We will insure that this is done where possible. In some cases we'll be supplying you with documents that we originally "sanitized" for the Rockefeller Commission or Senate Select Committee in which we did not always make these notations. To re-examine such items before sending them to you would slow down your receipt markedly, so we'll initially supply you with what we have available and stand ready to explain any portions that raise questions. I trust you will find this reasonable.

Sincerely,

[Redacted Signature]
